Sinyiml新一美

Grow-A

Minerals Premix for Animal

四川新一美生物科技有限公司

Sichuan Sinyiml Biotechnology Co., Ltd.

Product Function

- Scientific and reasonable proportion of micro-mineral
- Enhance animal immunity, disease resistance, increase daily gain, reduce feed to meat ratio.
- The absorption rate is high, the addition amount is small, the excretion of metal elements is reduced to the greatest extent, and the environmental pollution is reduced.
- It can meet the needs of animals for trace elements

Product Composition

Iron glycine, zinc glycine, manganese glycine, copper glycine, calcium iodate, cobalt sulfate, sodium selenite potassium chloride, magnesium sulfate

Guaranteed Value（mg/kg）

Minerals	Cu	Fe	Zn	Mn	Se	I	Co	K	Mg
Content	2000	8000	18500	8500	250	550	90	1250	750

Dosage

1kg/ 1ton compelete feed

Package

25kg/bag

Shelf life and precautions

It is valid for 24 months；
Moisture-proof, sun-proof, sealed store；
